

## House Cleaning Often Becomes Too Demanding for Seniors

As we enter our senior years, keeping our homes clean is one of those chores that often becomes too strenuous to perform all on our own. Tasks such as vacuuming, mopping and scrubbing tend to put a lot of strain on our muscles as we age. Older adults and seniors who have arthritis, replaced joints or physical disabilities can benefit enormously with the services Compassionate Clean offers.

From a one-time cleaning to weekly or monthly service, our team is ready to help make cleaning stress free! Compassionate Clean LLC is insured and bonded.

## Happy Clients

Lynda is very professional. She's willing to do anything you ask plus that. The first time she was here, I was flabbergasted. She even took the knobs off the oven. ~**Penny K.**

She is the name of her company, "Compassionate Clean." Last year as a Christmas gift, she cleaned my oven; the year before that, she cleaned my refrigerator. ~**Beverly R.**

Lynda does a wonderful job and is very thorough. She always asks if there's anything else I need. She even takes out my garbage. ~**Judy H.**

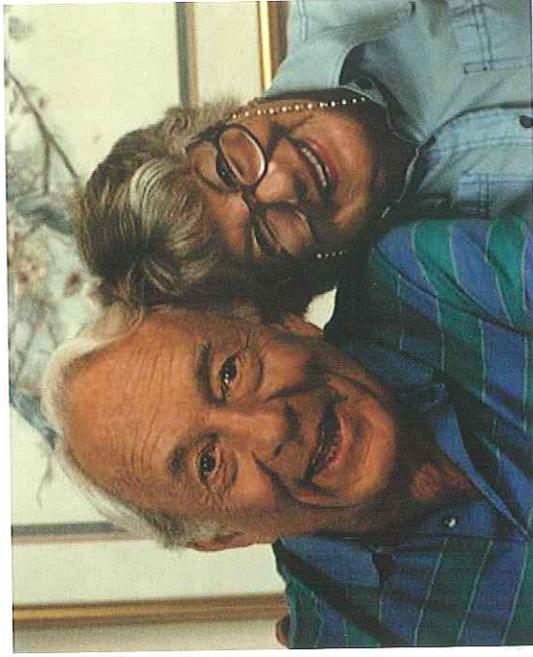

She's fabulous. The fact that she concentrates on the elderly just drew me to her from the beginning. Lynda is very sensitive to older people's needs. She and Cecilia work together really well. ~**Kay H.**

## Cleaning Services

### About Compassionate Clean...

Compassionate Clean was founded by Lynda Balcerek in 2013 to provide dependable and thorough cleaning assistance to seniors.

Her passion and enthusiasm for clean environments began as a housekeeper at Community Memorial Hospital where she learned effective disinfecting techniques and gained valuable time management skills. Her time with Visiting Angels, a provider of non-medical senior home care, cemented her commitment to helping and serving seniors. During this time, Lynda became aware of how difficult cleaning can be for seniors. She realized many seniors need more than the light housekeeping help that home care agencies offer. Thus, Compassionate Clean was created.

Lynda hired her first full-time staff member, Cecilia Morton, in April 2017. Cecilia, like Lynda, is all business and her focus is on getting the job done. Still, she occasionally enjoys “sparking up a conversation” with clients to get to know them better.

Whether you or a family member needs assistance, you will be pleased with the caring and professional attention Compassionate Clean provides.
